HAER No. WA-131-D

Pacific Creosoting Plant (Wyckoff Facility), Log Peeling Operation  
5350 Creosote Place NE  
Bainbridge Island  
Kitsap County  
Washington

John Stameta, photographer

August 1995

HAER No.      Description

- WA-131-D- 1 Site view shows Chipper Building on left and Peeler Shed on right.
- WA-131-D- 2 Skid ramp in foreground with Peeler Shed and blower assembly in background.
- WA-131-D- 3 Peeler Shed, SE side, with blower assembly. This structure was used to move bark to the Chipper Building for processing.
- WA-131-D- 4 Hopper was used to collect bark from the Chipper Building. Processed bark was loaded into trucks for disposal at a pit on site.
- WA-131-D- 5 This A-frame was used to handle poles while being trimmed to correct length after the peeling process.
